Parts Management Reengineering Implementation Team

Major Recommendation: Make Parts Management a Policy and Contractual Requirement.

DSPO Consultant

PMRIPT / Policy & Contractual Requirement

- Team Members
  - / AMRDEC
  - / Lockheed
  - / DSCC
  - / NAVAIR
  - / DSPO
  - / DSPO Consultant
  - / Boeing
  - / LMI

PMRIPT / Policy & Contractual Requirement / Major Tasks

- Policy Memo
- DODI 4120.19, Parts Management Program, Draft
- MIL-STD-3018, Parts Management, (Project #SDMP-2006-002)
- SD-19, Life Cycle Cost Savings, Through Parts Management
- Distance Learning Module

PMRIPT / Policy & Contractual Requirement

- **MIL-STD-3018, Parts Management, (Project #SDMP-2007-004)**
  - **General Requirements**
    - Comprehensive Parts Management Program.
    - Contractors **shall** provide a parts management plan.
  - **Detail Requirements**
    - Parts Management Elements
      - Parts Selection baseline
      - Part Selection/Authorization Process
      - Obsolescence Management
      - BOM/Parts List Submissions (as required by contract)
      - Subcontractor Management
      - Part & Supplier Quality
      - Part Documentation Procedures
      - Substitute/Alternate Part Procedures
      - Customer/Contractor Teaming
      - Additional Elements

PMRIPT / Policy & Contractual Requirement

- **MIL-STD-3018, Parts Management, (Project #SDMP-2006-002)**
  - Parts Selection/Order of Preference
    - Parts Required to meet Government Requirements
    - Industry Standard Parts from DOD adopted nongovernment standards, when suitable.
    - Military & Government standard parts.
    - DOD commonly available parts.
    - Industry Standard Parts from other nongovernment standards, when suitable.
    - Commonly available manufacturers part numbers from catalogs and/or Vendor Item Drawings, when suitable.
    - Parts documented on Source Control Drawings, Selected Item Drawings, Altered Item Drawings, etc.

PMRIPT / Policy & Contractual Requirement

- SD-19, Life Cycle Coat Savings, Through Parts Mgmt.
